

Abe's Garden Club is a day program providing Hearthstone's research-based *I'm Still Here*® engagement and exceptional care to individuals living at home in the early to mid stages of dementia.

The program is offered onsite at Abe's Garden Memory Support Center of Excellence and is led by specially trained staff.

On any given day, Club members might enjoy creating art inspired by other cultures; singing to reminiscent songs; exercising on a recumbent elliptical machine; making cookies; harvesting tomatoes from the courtyard; arranging flowers; tapping along in the drum circle; writing greeting cards; or playing with the resident cat, Sylvester.
